HOW TO DOUBLE YOUR INCOME!

Progesterone Testing Gold! Attention Dog Breeders this information will revolutionize your business!

RETURN ON YOUR INVESTMENT

You already know that the way to make more profit is to make sure that what you invest in as a business tool gives you a good return on the resources needed to procure the system or tool needed to increase your bottom line. **Keep reading we think you will love what you see!**

PROGESTERONE. HOW CAN THIS ONE TEST HELP YOU ACHIEVE YOUR INCOME GOALS?

Don't know yet? That's fair, read on and we will show you the many options to succeed. If you already understand the value of testing keep reading, we have some other ideas you may find very interesting! Let me lay out the proofs on how this testing can bring in a great number of new clients while saving time and making money running automated testing of Progesterone. We have laid the benefits out per business type, as you see all business types have great potential.

“You will find that Progesterone testing is very profitable by saving you substantial time, bringing in income, and adding visibility for your company”

DOG BREEDERS

1. Finding the **perfect time to breed** your best animals.
2. **Saving hundreds of dollars** by knowing just when to breed your animals based on the progesterone values over time (We have a downloadable report on this a little later in this report) giving you the exact day to breed to save time and money on multiple appointments. NICE!
3. **Be the “go to” Breeder** once people find out how good you are with the timing of your services! Make it work the first time every time!
4. This one will surprise you! **Use your Progesterone system to help other breeders and charge them for the service.** How many of your breeder friends would love to have the information on timing that you have access to! It's so simple to do!
5. You may also find that **your local Veterinarian may find your services helpful** if they do not have their own system. The benefits here are limitless as the vet lab may need many other tests that you can also run (5 canine specific tests available along with 85 others) all for a fee! All these other tests run the exact same way you run your testing. They provide the sample and all you do is run it in a batch with the rest of your personal samples, then just print off a report for them along with an invoice for payment!
6. If you are in a Dog Breeding Group or Club you may have a **built in clientele which means built in profits for your service.** They will love you for it as you make money just adding their testing to the batch you are already running!
7. Also the Club or Group may want to invest with you **if you care to share the profits.** Make it a Club system so as to spread the investment of your new progesterone system around. This is a great idea if you have a progressive thinking Club or Group. Ask around you may be very surprised at what you get!
8. **Progesterone Low cost per test** very inexpensive to run. (we will cover cost per test in more detail later in this report)
9. **Very simple to run all sales** include delivery, installation, training (including videos loaded on your system computer), reagents, and ongoing phone support with any questions you may have. You are never alone. Anyone can run our system.
10. **Very easy to afford with many programs available.** Ask us how we can help you start your profitable venture today!

VETERINARIAN AND CLINICAL LABORATORIES:

1. In addition to **Progesterone** we have **5 other canine specific tests** that will be of great service to your customers!
2. As you serve your clients you also provide the income you need to push forward. **Great Service + More Clients = More Profit!**
3. Additional specific tests kits for canine are as follows: **TT4, FT4, Cortisol, TSH, TLI along with Progesterone**
4. **Low cost per test allow you to make a very nice margin** (we will cover cost per test in more detail later in this report)
5. World Class System is also one of the **most reliable on the market**
6. **Batch your samples to run up to 100 test per hour.** Mix the tests you load from the 90+ test options available.
7. **Clinical accuracy on every test result.**
8. **LIS connectable when needed.**
9. **Very simple to run** all sales include delivery, installation, training, Reagents, and ongoing phone support. You are never alone.
10. **One single source for everything you will ever need** to keep your system going including reagents, service, training, phone support and more.
11. **We are manufacturer certified experts on these systems.**
12. For the **best documentation we have seen on how to measure progesterone**, and time you're breeding to the exact day and you can also tell from these levels when the dog will give birth! Wow just think how you could use that information! Can any of your competitors even come close? Don't think so! **[Click Here](#)** and download the PDF from the link at the top of the page all courtesy of Dr Foster and Smith and PetEducation.com! **Thank you Dr Foster and Smith this is a great piece of work!**
